Build Sheets from other Production Plants

<b>Description</b>	<b>Prices</b>
1968 Large Build Sheet (LGBS)	\$40.00
1969 Large Build Sheet (LGBS)	\$40.00
1970 Large Build Sheet (LGBS)	\$40.00
1971 Large Build Sheet (LGBS)	\$40.00
1972 Large Build Sheet (LGBS)	\$40.00

Note; if you want the UPC codes also decoded for the (LGBS) sheets, there will be an extra \$10.00 fee charged, and you will receive a second decoded sheet.

What you will receive back (Via Snail Mail) is a nice representation of the original Build Sheet that can be displayed at shows. In large Red letters across the middle of the sheet will be the word "REPRODUCTION" and a warning of the same at the bottom. On the reverse side will be a list of the codes along with the decoded information.

I also decode the following Build Sheets for all Production Plants.

<b>Description</b>	<b>Prices</b>
1968-1972 Protect-O-Plates (POP)	\$15.00
1970-1972 IBM Cards (IBM)	\$20.00
Also	
1970 & 1972 Sloan Information Packets	\$15.00

What you will receive back (Via Snail Mail) is a list of the codes along with the decoded information in an easy to read format.

**Disclaimer:** I decode only **Original Build Sheets**. This does not mean your car was built in accordance with these sheets, I have found errors in the past. Also I will not create a Build Sheet for a car, so don't even ask.

Items **NEEDED** to be included with the order. (**Via Snail Mail Only**)

1. Full Name
2. Address
3. Phone # (With times to call, in case I need to ask a few questions.)
4. Fax # and/or E-Mail Address (If applicable)
5. Paper copy (Not Original) of Original Build Sheet (Cleanest Untouched Paper Copy) (Fax and/or e-mail copies are often too hard to read) (Clean e-mail copies can be sent in addition to the paper copies if available.)
6. If needed a Second copy, with the codes "Inked in" to make them more legible.
7. Full Vehicle Identification Number
8. All information from the Fisher ID Plate on the firewall
9. Check made out to:
